Receipts of Cattle Heavy at the Home Yards and the

PRICES FALL ALL ALONG THE LINE.

The Meanest Market of the Season From the Seller's Standpoint.

SHEEP AND SWINE DULL AND LOWER

OPFICE OF THE DISPATCH, PITTSBURG, MONDAY, May 2.

From the seller's standpoint to-day's catfle markets were the worst of the season in spite of the fact that quality of offerings were far above late average. Markets opened at East Liberty yards with about 83 carloads on sale against 58 loads last Monday and 52 loads the previous Monday.

More than half of to-day's offerings were from Chicago and Omaha, the balance being from Ohio and Indiana. A few loads close to prime, weighing 1,350 to 1,450 pounds, were offered, a thing unusual at these yards

for some weeks past.

While stock was present in larger force than usual, buyers were few and markets opened slow at a strong 14c below prices of a week ago. So far as could be learned there were no sales above \$4.60 with the exception of a prime load to an East End butcher which sold close to a nickel a pound. Beeves were sold at \$4 60 which a week ago would have readily sold at \$4 85. At the decline markets dragged, d at noon prospects were that large numhere. Fresh cows were in larger supply this week than last, and all good stock offered found ready sale, while common were not wanted. Sales were reported above, \$40 per head, and the entire range of markets

#### A Plethora of Veal.

There were fully 500 calves on sale at the opening of East Liberty markets, and 1,000 head will be to the front on Tuesday. As a N

head will be to the front on Tuesday. As a result of the heavy receipts bottom dropped out of markets and prices reached their lowest point this season. The top of markets was 4c per lb, and only fancy vealers reached this figure.

Sheep—Markets opened with about 25 londs en sale against 20 londs last Monday, and 12 loads the previous Monday. Wool sheep are no longer a quantity in Liberty markets. The top price of clipped sheep this morning was 5c, yearlings 5½c, and spring lambs 8c per lb. At these reduced prices markets were draggy. prices markets were draggy.

There were 23 loads of hogs on sale at the

opening with more expected later on. Markets slow at \$4 65 to \$4 90 as the range, showing no variation from prices of a week ago.

At the Allegheny Yards.

Receipts of cattle at the Herr's Island yards were about the same in numbers and quality as for some weeks past and markets were strong. The beeves offered to-day were a shade higher at sources of supply than they were the week before, particu larly light and medium weights. heavy Chicagos were sold at \$5 10 to \$5 25, medium weights at \$4 85 to \$5 00, light weights at \$4 25 to \$4 75 and low grades at \$2 75 to \$3 75. Fresh cows sold at a range of \$25 00 to \$40 00 per head and calves at 3c to 5c per lb. Bulls, stags, dry cows and heifers were quoted at 23/c to 33/c per lb with very few on sale.

were quoted at 23c to 35c per 1b with very few on sale.

Receipts: From Chicago—I. Zeigler, 148 head: L. Gerson, 90: A. Fromm. 58. From Pennsvivania—J. Wright, 5; D. O. Pisor, 13. Total, 314: last week, 296: previous week, 375. Sheep-Receipts were light, demand was fair and prices varied very little from last week. Wool sheep were slow at a range of \$6.00@8.75; clipped at \$1.00 less. Yearlings were sold at \$6.00@7.00, and spring lambs at 7@100 per 1b.

Receipts: From Chicago—I. Zeigler, 182 head. From Pennsylvania—J. Wright, 76. From Ohio—C. Voibrecht, 20. Total, 278; last week, 239; previous week, 256.

Hogs—Supply was larger than late average and prices were a shade lower, the range being \$4.00@4.75 for Ohios and \$4.50@5.00 for Chicagos.

Receipts: From Chicago—I. Gerson, 92.

#### THE MARKETS IRREGULAR.

Wheat, Oats, Pork and Ribs Down - Corn and Lard Up-No Radical Change in Anything - The Visible Supply State ment and Weather Are Factors.

CHICAGO - With remarkably light deliveries of wheat there was a loss of log like in prices to-day. Compared with Saturday's close, corn to-night is up ke; oats are off 1/c; pork and ribs show an advance of 2/4c, and lard 5c decline. The wheat market left off at about the lowest prices touched The opening had been rather strong, and prices were about 1/2c higher for May and

The opening had been rather strong, and prices were about \( \frac{1}{2} \) higher for May and \( \frac{1}{2} \) higher for July than at the closing figures of Saturday; but the tone immediately weakened, and prices declined \( \frac{1}{2} \) high ysuffering the largest reduction; then held steady, and the closing was about \( \frac{1}{2} \) he lower for May and le lower for July than saturday's closing. The early strength was attributed to the reported severe rain storms, which it was thought would tend to delay farm work, but the offerings increased till all else was lost sight of. The visible supply statement gave a little firmer tone to the market for a moment. A cold wave was also reported in the extreme Northwest.

Light rains were reported over the West and heavy in this vicinity, which, together with the State reports making the corn season late in most sections, had the effect of hardening values, especially July, which was in good request and relatively firmer than May. A good deal of enanging took place, selling the May and buying the July at \( \frac{1}{2} \) high promium for the former. Deliveries in May contracts were moderate, as expected. The visible decrease of \( \frac{1}{2} \) high prices of Saturany, and sold up \( \frac{1}{2} \) he reacted \( \frac{1}{2} \) called \( \frac{1}{2} \) he ter than the closing prices of Saturany, and sold up \( \frac{1}{2} \) cented \( \frac{1}{2} \) called \( \frac{1}{2} \) called \( \frac{1}{2} \) cented \( \frac{1}{2} \

Moye, changed some, and closed as exactly the opening price.
Outs advanced be early, but later weakened and prices receded by. The market closed easy at about the opening.
In provisions there was little trading beyond changing over from May to July. Ribs were firm on some buying by packers.
The leading futures ranged as follows, as corrected by John M. Oakley & Co., 45 Sixth street, members of the Chicago Board of Trade:

An Active Movement in Realty Down the Fort Wayne Road.

FINE IMPROVEMENTS TALKED OF.

A Scotchman Sends to Pittsburg for Points in Office Buildings.

#### FEATURES OF MONEY AND SPECULATION

The prospect of improved locomotion is stimulating real estate down the Fort Wayne Railroad. Lots in Reed B. Coyle & Co.'s Glenmawr plan, at Haysville, are being picked up at a linely rate. They disposed of 65 during the month of April, and of 150 since the plan was put in the market last July. This means 150 houses sooner or later. About two years ago the tract known as the Bayne farm, situated in Bellevue, was purchased by a local land company for \$100,000. It has since been subdivided and christened Sunnyside. A great deal of it has been sold off, and a number of fine improvements will be made during the summer. The inquiry from home-seekers has received a fresh impulse in the last few weeks by the assurance of the completion by fall of the Bellevue branch of the Pleasant Valley Railway. Getting Points From Pittsburg.

Pittsburg stands high abroad as well as at home. The advanced architecture of the city is furnishing points to builders on the other side of the Atlantic. A few weeks ago Black & Baird received a letter from David C. Thomson, one of the proprietors of the Dundee (Scotland) Courier, asking for information in regard to the principal office buildings here, for use in the construction of one for themselves. The information was forwarded and variety formation was forwarded, and yesterday the firm received the following acknowl-edgment: "The descriptions received are just what we want. They will be very use-The new site we have acquired is that of the present postoffice, which, with the adjoining site belonging to my paper, covers about 9,000 square feet. The shape of the ground is rather different from that of the Ferguson block, as we have streets on three sides, and expect to lose little or no floor space for an air or light well. The new postoffice is to be built in the same block, 80 feet or thereabouts from our site. I hope to be in Pittsburg before we complete our plans."

#### The Building Record.

Builders did not turn out in strong force yesterday. The pace has been rapid for several weeks, and a brief lull would not be surprising Six permits were issued for the same number of improvements, aggregating \$5,648. The most important are: George Evans, frame dwelling on Manton alley, Thirty-first ward, \$1,000; Philip Gallagher, frame dwelling on Mifflin street, Flfteenth ward, \$1,450. The estimated cost of the other four is \$1,599.

Special Features of Trade.

Wilkinsburg will decide to-day whether to go forward or backward. A complete sewage system, as proposed, is an absolute necessity.

It was mentioned a few days ago that coal land within 15 miles of the city could be bought for \$25) an acre. Yesterday another owner made an offer of a large tract at \$180 The May disbursements of interest and

The May disbursements of interest and dividends will be considerably larger than they were last year.

G. B. Hard sold on Fourth avenue, Cora-

G. B. Hard sold on Fourth avenue, Coraopolis, a lot 50x159 feet for C. B. Gracey to J.
R. Noss, consideration private,
Peter Shields reports the sale of lot No,
227, 25x135 feet to a 20-foot alley located on
Stanley and Alma streets in Schenley Park
Land Company's plan, Twenty-third ward,
100x4150 cash.

A. Z. Byers & Co, sold for the Ridgeview Land Company to George Clark, lot No. 57 in their plan, Eleventh ward, Allegheny, on line of the Pleasant Valley, fronting 48 feet on California avenue, extending through 159 feet to Massachusetts avenue, for \$2,100.

HOME SECURITIES. A DAY OF SMALL THINGS FROM A BUSINESS POINT OF VIEW.

Manchester Traction Moves Up Another Peg, but Not Enough to Suit Holders-Philadelphia Gas Bulled by the Showing Made at the Annual Meeting.

The stock market yesterday was a small ffair in the amount of business transacted, but in other respects it was interesting.

Manchester Traction continued its upward movement. At the last call it was wanted at 41%, but this bid falled to induce holders to let it go. There was very little change in the rest of this group. Central was a trifle

weaker. Another feature of the afternoon session was the firmness of Philadelphia Gas. That reports and discussions at the meeting had a favorable effect upon investors and a favorable elect upon investors and traders was shown by a bid of 19 for 500 shares without a favorable response. In fact, there was none of it on the market at the close of the session. A bid of 193 was reported later in the day. The figures will now existing among banks to employ their

have been digested by the time brokers come together to-day. The feeling on the street after call was generally bullish.

There was only one sale at the first call, that of 11 shares of Philadelphia Gas at 18%. The second was equally barren, the only transaction being 10 shares of Mercantile Trust at 163. There were two sales at the third call—\$4,000 Manchester bonds at 104 and 209 Philadelphia Gas at 19. Bids and offers in detail foliow:

### UNCLE SAM'S A BEAR.

A PROSPECTIVE SUIT SINKS SUGAR SHARES AWAY DOWN.

The London Holiday Deadens the Market-Cotton Oil Preferred Takes a Jump-Grangers Weak on Reports of Lake and Rail Rate Cutting.

New York, May 2 .- The stock market today, in the absence of London orders, owing to the holiday there, was quiet and lifeless, moving within narrow limits, and the Industrials supplying the only features of special note. The market still presents the same professional character, and the interest in the trading in railroad stocks is

confined to a very few stocks.

Reading, New England and Atchison still retained the leadership in activity, and in these stocks, with Union Pacific, the only decided tendency of prices was to be noted to-day. The Industrials, however, furnished to-day. The Industrials, however, furnished the important movements, but the movements in those shares were by no means uniform, and, while Sugar was the general weak point, the others were inclined to show a strong temper, and Cotton Oil preferred made advances during the day.

Among railroad stocks the Grangers were weak, the opening of lake competition and the probable increase having no perceptible influence against the reports of rate-cutting; but the Coalers and the Gould stocks were firm during most of the time, with no material movement in any of them. The advices that the Government would proceed against the Sugar combine in Philadelphia was used with great effect against the stocks of the company, and a loss of nearly 3 per cent followed.

There was throughout a firm tone in all dividend-paying stocks, and this served to rally the market in the late dealings, when there was also considerable covering of shorts: so that the market closed quiet but firm, with the great majority of the list within small fractions, either up or down, of the finals of Saturday. There was only one material decline, which was Sugar, with a loss of 2% per cent, but Cotton Oil preferred was up 1%.

The total sales of stock to-day were 199.326 shares, including: Atchison, 14,049; Evie, 3.710; Nowthern Pacific, 4,620; Western Union, 4,533.

Railroad bonds were quiet, but there was a steady demand for good issues, which serves as one of the most powerful deterrents from the important movements, but the move-

Railroad bonds were quiet, but there was a steady demand for good issues, which serves as one of the most powerful deterrents from selling of long holdings. There was the usual insignificant cuanges in the majority of the issues traded in, and the weakness of a few of the leading speculative issues gave the market at times a weak appearance. The Atchison incomes and the Richmond and West Point trust 5s were the weakest points and they lost lat 54½ and 23½ at 555½ respectively. The transactions were only \$1.455,000. of which Atchison incomes urnished \$241,000 and the Richmond and West Point 5s \$114,000. nished \$24,000 and the E.chmond and Wess Point 5\*\$114,000.

### POINTS IN MONEY.

Gold Exports Considered a Positive Ben

efit to the Country. The week in local monetary circles opened with moderate activity in the loan depart-ment. Routine lines were well up, especially depositing. Rates were unchanged. Bank clearings were \$2,805,749 66 and balances \$457,-173 57. Certain banks in New York last week

funds. A prominent financier points out that the stock of gold is so large and the money market so easy that the country can lose the gold going out as well as not; in fact, the depletion that is going on will be of benefit, for it will enable banks and capitalists to get higher rates for money, and fair rates for capital are better for business as well as for banks.

It is not generally known that under existing laws, the redemption and retirement by the Treasury of the legal tender circulation is impossible. The act of May 31, 1878, prohibits any reduction in the amount of legal tenders then outstanding, \$346.881,090, and although over \$38,000,000 have since that time been redeemed in gold, the amount outstanding remains the same.

At New York yesterday money on call was easy at 11,622 per cent. Last loan, 115, closed offering at 115. Prime mercantile paper, 314, 625 per cent. Sterling exchange quiet but steady at \$4.87 for 60 day bills.

Closing Bond Quotations.

### THE HOME MARKETS.

THE SUPPLY OF FRESH EGGS SHORT. AND PRICES ON THE ADVANCE.

Poultry Still Scarce and Firm-Heavy Re ceipts of Cereals Give Buyers the Best of It-Wheat, Corn and Millfeed Quiet-Provisions Unchanged.

OFFICE OF THE DISPATCH, PITTSBUEG, MONDAY, May 2. COUNTRY PRODUCE-Jobbing Prices-The supply of nearby eggs is scarcely up to demand, and prices of choice stock are higher than they were at the close of last week. The shortage is due to the fact that large quantities are now going into cold storage. Poultry is still in limited supply and markets are firm. Both creamery and country butter are in liberal supply, and drift of prices is downward. The same is very heavy the past week, but choice stock

is fairly steady at quotations. APPLES-\$2.50@3.00 per harrel.

GRATEFILI COMPONENTING

#### GRATEFUL-COMFORTING. EPPS'S COCOA.

BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of weil-selected Cocoa, Mr. Epps has provided our breakfast tables with a deficately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundryds of subtie maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Crost Service Gasette.

Made simply with boiling water or milk. Sold only in haif-pound tins, by grocers, labelled thus; JAMES EPPS & CO., Homeopathic Chemists, London, England.

## JAS. M'NEIL & BRO.,

BOILERS, PLATE AND SHEETIRON WORK. PATENT SHEET-IRON ANNEALING BOXES.

With an increased capacity and hydraulic machinery, we are prepared to furnish all work in our line cheaper and better than by the old methods. Repairing and general machine work. Twenty-ninth street and Allegheny Valley Railroad.

NEW ADVERTISEMENTS.

"No! No! No! No! No hot biscuits!" Poor fellow, he can't enjoy the good things of this life. How about you? Might as well be out of the world if you have to observe a rigorous system of diet. Your temper, your stomach, your family, all suffer if you're dyspeptic.

Johann Hoff's Malt Extract will perfect your digestion. Take it, and you can eat as heartily as you please; absolutely no bad after-effects. It is the standard nutritive tonic of the world. Physicians recommend it. The genuine has the signature of "Johann Hoff" on the neck of bottle. Eisner & Mendelson Co., N.Y., Sole Agents. Tu
